The April General Meeting will be Sunday 27 April at the Field commencing at 8:30 am

The April General Meeting will be at the Field on 27th April commencing at 8:30am.

The May working bee will follow the April Meeting

Giddy All,

Congratulations to Joe Curtis on attaining his Gold Wings.

If anyone has a need to advertise anything at the field would they make sure they use only the magnetic white board for flyers etc. Recently some were stuck to the shed and after a day or two it is nearly impossible to remove the sticky tape residue.

Ian Lay has reported that there may be a problem with the Hitec Eclipse 7 radios. It seems that the plastic around the handle area may be too weak or brittle. This can be dangerous in that the handle may come away from the radio unexpectedly, and the radio fall.

The AGM is fast approaching. The Constitution requires that all Committee positions are declared vacant giving everyone the chance to nominate. Nominations must be in writing, signed by the nominee and a seconder, and received by the Secretary no later than 7 days before the AGM. The Constitution also requires that the nominations be advertised in Airwaves at least 7 days prior to the AGM. It is difficult to achieve both these requirements unless you get your nominations to Bill as soon as possible. Don't be shy.

The Constitution states:

"11.1. The Management Committee of the Society shall consist of a President, Vice-President, Secretary, Assistant Secretary, Treasurer, all of whom shall be members of the Society, and such number of other members as the members of the Society at any General Meeting may from time to time elect or appoint."

Additionally, if anyone would like to take over the publication of this fine publication, please speak up. I would be more than happy to hand over to some new blood. It is not hard, all you need is a PC. Access to the Internet and email is an advantage, but not an absolute requirement.
